DETAILED ACTION

1. The reply filed on 3/2/2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

With respect to the modification to claim 157 of 'includes receiving "shift keyed data comprising" caller identification data'..., the response does not point out where support for this feature is found in the original disclosure nor were specific support for this implementation of the invention is supported in conjunction with the features of claim 163 which refers to an ISDN connection.

With respect to new claims 190 and 191, support for the newly added limitation which refers to a message center functioning in conjunction with the answering apparatus of claim 157 has not been provided.

Further, as an aside, with reference to the substitute specification filed 11/20/2003, reference in 2. is made to claiming benefit to filing date of 08/726,024 (which is the instant application), as such it is not clear of intent of this statement or if intent is to make the filing of the substitute specification a CIP of the earlier filing date, or if this is merely a mistyped serial number?

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
